

iSqFt Toolbox 2.1

Online Measurement Made Easy

iSqFt® Toolbox 2.1 is the next generation of our popular on-screen measurement tool, providing users with a powerful, yet easy-to-use method for performing take-offs directly on files taken from throughout iSqFt's Network of online public and private plan rooms, as well as many other document formats taken from various other sources.

With a low subscription cost and a quick-to-learn format, iSqFt Toolbox 2.1 supports online estimating through a multi-window display that is compatible with dual-monitor set-ups. This gives you the flexibility to produce estimates faster and more accurately, resulting in an immediate impact to your bottom line.

With iSqFt Toolbox 2.1, on-screen take-offs have never been so easy.

The screenshot displays the iSqFt Toolbox 2.1 software interface. It features a multi-window environment. The 'Drawing' window shows a detailed architectural floor plan with various areas highlighted in green and red, indicating measurements. The 'Workbook' window displays a table with the following data:

| | C | D | E |
|---|----------|-----------|-------------------|
| 1 | Quantity | Unit Cost | Total |
| 2 | 1723.28 | 30 | 5744.266666666666 |
| 3 | 1690.75 | | |
| 4 | 245.54 | | |

The interface also includes a sidebar with 'Assemblies' (e.g., Sq Ft of carpet, Sq Ft of Floor Tile) and 'Documents' (e.g., Local Plans, Online Plans).

Features of iSqFt Toolbox 2.1 include:

- Turn measurements into estimates with a fully-integrated worksheet feature included with every Toolbox 2.1 subscription
- Ability to import and export files from Microsoft® Excel
- Perform take-offs on a variety of different document formats, including .pdf's, in sizes ranging from 11x17 to 36x48
- Measure plans using metric or architectural scales
- Calculate linear and square feet, volumes, and counts with a click of the mouse resulting in a vast array of customizable assemblies
- Tab quickly and easily between the drawing and worksheet to create more accurate estimates
- Windows® Vista compliant
